

## CHAPTER 2

**FIRE CODE AND FIRE SAFETY REGULATIONS**

## SECTION:

- 9-2-1: Fire Chief
- 9-2-2: Fire Code Adopted
- 9-2-3: Additions To Fire Code
- 9-2-4: Air Conservation Regulations
- 9-2-5: Burning Permits
- 9-2-6: Automatic Sprinkler Systems
- 9-2-7: Penalty

9-2-1: **FIRE CHIEF:** There is hereby created the office of fire chief. The Kaysville City fire chief will be fire chief of the city as set forth in the fire protection agreement between Kaysville City and Fruit Heights City. (Ord., 3-3-1981)

9-2-2: **FIRE CODE ADOPTED:** The international fire code, a document developed by the International Conference of Building Officials and the Western Fire Chiefs Association is hereby adopted in its entirety, except as otherwise stated herein, as the fire code in and for the city. (Ord., 3-3-1981; amd. 2006 Code)

9-2-3: **ADDITIONS TO FIRE CODE:** Any subsequent additions to the international fire code which supersede or amend the said international fire code shall be deemed adopted automatically as and for the fire code of the city, without further action of the city council, unless otherwise ordered by the city council. (Ord., 3-3-1981; amd. 2006 Code)

9-2-4: **AIR CONSERVATION REGULATIONS:** That certain code establishing regulations for the control of air conservation entitled code of air conservation regulations, adopted by the Utah state board of health as a code, and published in mimeographed form, is hereby

approved and adopted as the code of air conservation regulations of the city and by reference made a part of this code to the same effect and extent as though said code were copied herein in full. Three (3) copies of such code shall be filed for use and examination by the public in the office of the city recorder. (Ord., 3-3-1981)

9-2-5:           **BURNING PERMITS:** The city manager or other official designated by the city council shall establish a procedure for issuance of burning permits under the terms of the code of air conservation regulations. Said official shall also devise a method of visual determination of any violations of the code of air conservation regulations and shall institute appropriate enforcement procedures as necessary. (Ord., 3-3-1981; amd. 2006 Code)

9-2-6:           **AUTOMATIC SPRINKLER SYSTEMS:** The city council must take appropriate measures to provide a reasonable degree of protection for the life and property from fire through installation requirements for fire sprinkler systems based upon sound engineering principles, test data and field experience. Any person, firm, corporation or other entity desiring to construct or remodel any commercial building or structures within the city limits shall submit engineering plans and specifications for the installation of an automatic fire sprinkler system, in accordance with provisions of the national fire protection association (NFPA) manual 13A chapter 1-9.1 and 1-9.2, to the city. Architectural/engineering plans and specifications will be delivered to the state fire marshal's office by the city for review. Field testing and inspection shall be checked and witnessed by the fire marshal having jurisdiction in the city. Testing and maintenance of the sprinkler system shall comply with NFPA manual 13A. (Ord., 7-7-1981)

9-2-7:           **PENALTY:**

A.     **Misdemeanor:** Any person who shall violate any of the provisions of this chapter or who shall fail to comply therewith, or who shall violate or fail to comply with any order made thereunder, or who shall build in violation of any detailed statement of specifications or plans submitted and approved thereunder, or any certificate or permit issued thereunder, and from which no appeal has been taken, or who shall fail to comply with such an order as affirmed or modified by the city council, or by a court of competent jurisdiction, within the time fixed herein, shall severally for each and every such violation

and noncompliance respectively, be guilty of a class B misdemeanor and subject to penalty as provided in section 1-4-1 of this code. The imposition of one penalty for any violation shall not excuse the violation or permit it to continue; and all such persons shall be required to correct or remedy such violations or defects within a reasonable time; and when not otherwise specified, each ten (10) days that prohibited conditions are maintained shall constitute a separate offense.

- B. Enforced Removal: The application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions. (Ord., 3-3-1981; amd. 2006 Code)
